

# Download Atomic Structure Anticipation Guide

Anticipation Guide. True or False (circle the correct answer) 1. All matter is composed of atoms. True False 2. The Isotopes of an element are atoms with the same number of protons and different numbers of neutrons. True False 3. Protons have a positive charge. True False 4. Compounds have more than one type of atom. Anticipation Guide p. 76-79 Before After Agree Disagree Read and respond to each statement before you read the text. Then read p.76-79 and find evidence (you must list the page # containing the evidence and then write a sentence or two explaining your evidence) to support or disprove your decision. Finally, fill out the "After" column. Topic: Atomic Structure Instructions: You are to find other classmates who can each answer one of the questions on this sheet. When someone answers your question, have them sign your sheet. Answer Responder 1) Find someone who can tell you what an atom is. 2) Find someone who can tell you about Benjamin Franklin's "kite-flying" experiment. An Anticipation Guide is.....a set of questions regarding the assigned reading. These questions will help introduce you to the conflicts and topics you may confront in your reading. They are also designed to encourage you to think about these issues and to build expectancy for the play.
