

# Download Metal Fabrication Training Manual

4 WORKSAFE VICTORIA / A GUIDE TO SAFETY IN THE METAL FABRICATION INDUSTRY  
INFORMATION, INSTRUCTION AND TRAINING Providing information, training and instruction cannot be the sole way of controlling the risk unless all other ways to control risk are not reasonably practicable. Peddinghaus Corporation is pleased to announce a new series of training classes for members of the structural steel and heavy plate fabrication industries. Citing a need for enhanced shop level operation training, Peddinghaus has developed a series of classes in the following areas: GENERAL WELDING & FABRICATING, INC. Quality Manual Rev. 1/15/15 page 4 of 27 Purpose The purpose of this manual is to outline the criteria within General Welding & Fabricating (GW&F), Inc. to meet the American Institute of Steel Construction (AISC) certification. Metal Fabrication Training Programs and Degree Information Metal fabricators are typically required to have a high school diploma or GED. While welding certificates aren't required, they can lead...
